S-A	BUDGET MESSAGE	W.S. 16-4-104(d)
<p>Revenues and expenditures have increased throughout the last several years for Natrona County Conservation District due to grant awards through the Wyoming Department of Agriculture, as well as the Wyoming Department of Environmental Quality through their Non-Point Source 319 Task Force. These funds have been utilized primarily for implementing on-the-ground projects for the purpose of increasing water quality and decreasing water usage by installing pipeline and irrigation structures on both private and county land. Other grant funds are utilized for continued water quality sampling within the Middle North Platte River Watershed. The data received through this sampling has been invaluable to the City, County and State in regards to the potential de-listing of the North Platte River from the Wyoming Department of Environmental Quality's Impaired Waters 303(d) List.</p> <p>Additional Selenium Project Funding was received in FY2016, FY2017, FY2018 and will be received in FY2019 from Natrona County and the City of Casper to assist with the implementation of selenium-reducing projects. These projects benefit both the urban and the rural community, as the transportation of the US EPA priority pollutant, selenium, is minimized throughout the watershed by implementing Best Management Practices on irrigated acreages in Natrona County, improving water quality for both wildlife and people alike. The NCCD intends to continue seeking out and applying for grants that will provide funding to continue these activities.</p> <p>The base operating funds that are received annually from both the City of Casper and Natrona County provide for the cash match moneys that are necessary to obtain present and future grants through both state and federal entities, thus furthering the implementation of on-the-ground projects. Without these base funding contributions, the NCCD would be unable to provide the public services that we now provide, and would also lose the ability to obtain grant funds to implement water quality projects.</p> <p>The NCCD is managed by a District Manager, and supervised by a publically elected Board of Supervisors. The Board of Supervisors is responsible for the proper management of all revenues of the District, and provides oversight on all projects that are implemented with funds from federal and state grants, as well as local support from both the City of Casper and Natrona County.</p>		

S-B	RESERVE DESCRIPTION
<p>For FY2019, the NCCD will hold the following funds in reserve:</p> <p>Capital Reserves - \$15,000 (replacement of office equipment or vehicle if needed)</p> <p>Restricted Reserves - Beginning Balance \$293,356 (\$35,000 City of Casper Base Funding paid in FY2018 to be utilized during FY2019, \$258,356 Selenium Special Project funds to be utilized FY2019)</p>
