

PRESS RELEASE
CLOSURES ON
CR 407 KORTES ROAD

Starting April 21, 2022 at 7:00 AM. Kortes Road will be CLOSED approximately 1.1 miles South of State Highway 220. The road will remain closed until further notice. Sloanes General Store, residents in the town of Alcova and the workers at the Dam and School will have access during this closure period.

Traffic having a destination of Black Beach, Cottonwood Beach, Miracle Mile or the Pedro Mountains will be required to use the established detour noted in Exhibit E-28.

See **Exhibit E-28** for Closure segments 1–4 as well as the Detour established on the State Highway 220 to Pathfinder Rd. then to Fremont Canyon Rd. back to Kortes Rd.

There are four phases of work on the roadway as indicated in Exhibit E-28. All of which require closures. New closures will be advertised seven days in advance and the appropriate detour noted with appropriate signage. After the work in Segment 2 is completed the contractor will progress successively to Segment 3, 4, and then 1.

“During closures in Segment 2 all public traffic will be required to take the detour”

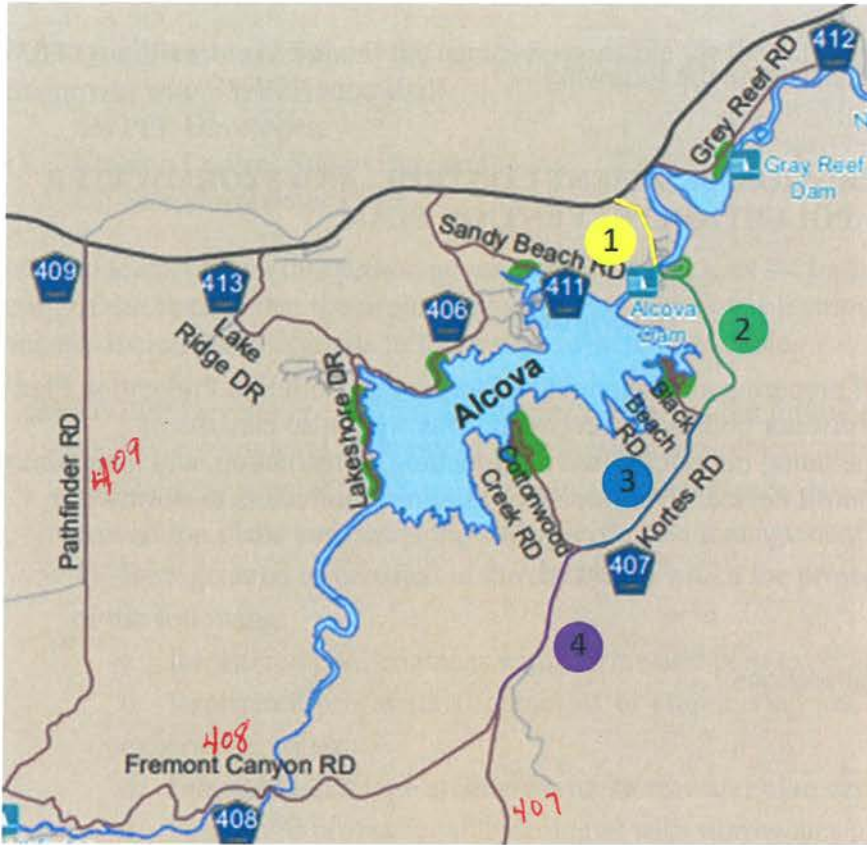

We ask that the public plan their travel with potential delays in mind due to higher traffic patterns and the additional mileage that has been added by the detour.

This 9.2 million dollar project will provide a new roadway surface and signage and a much safer road way for the publics use. Natrona County thanks the public for their patience and understanding during the construction period and we apologize for any inconvenience.

QUESTIONS can be answered by calling the Natrona County Road and Bridge office at 307-235-9311 and ask for Michael Haigler the Road & Bridge Director.

The following web site link can be used to get the latest updates for the construction project <https://www.natronacounty-wy.gov/kortes>

EXHIBIT E-28 WY FLAP 407(1) Kortess Road
