## For immediate release

### UW Extension to Offer Private Pesticide Applicator Programming in Northeast Wyoming

**Buffalo, Wyo.—Jan. 8, 2024—**The University of Wyoming Extension will offer eight private pesticide applicator education programs at various locations in northeast Wyoming Jan. 25 through March 14, 2024.

Private applicator licenses are required for anyone who applies or supervises the application of Restricted Use Pesticides (RUPs).

The four-hour private applicator education programs provide an overview of certification requirements, pertinent regulations, pesticide safety and handling, proper disposal practices and more.

Applicators can attend any class that fits their schedule. **All participants are required to bring a government-issued ID, such as a driver's license, to their session.**

Upon completion of a program, applications for private applicator licenses are submitted to the Wyoming Department of Agriculture for approval and issuance of licenses.

Dates, locations and times for programs in northeast Wyoming are listed below. For more information, contact a local UW Extension office.

#### **Campbell County**

Feb. 29, 2024, Noon-4 p.m.

Campbell County Extension Office

**About the University of Wyoming Extension**

Since 1914, the University of Wyoming Extension has provided lifelong learning opportunities to Wyoming residents across the state. With roots in agricultural education, UW Extension supports rural communities facing contemporary challenges and changes. UW Extension brings the university's resources to each of the state's 23 counties and the Wind River Indian Reservation. To learn more about UW Extension, visit [www.uwyo.edu/uwe](http://www.uwyo.edu/uwe) or call (307) 766-5124.
